

# THE FIRST CHOICE FOR ALL-INCLUSIVE LIFTING SOLUTIONS

At Premier Cranes & Rigging, we pride ourselves on providing a personalised service and finding the best lifting solution for our clients. Our record of providing an exceptional standard of service and project management has helped us to build sustainable relationships.

Since we started the company in 2009, our fleet of cranes has grown significantly and we have supported our clients in key projects from civil and rail to bridges and precast. All of our cranes are routinely serviced to meet and exceed OEM, CICA-certified industry standards and safety regulations.

Our team of expert tradesmen have worked across diverse industries and projects. Whether you are in need of a crane to unload materials and equipment, dismantle a tower crane, lift bridge beams, install precast panels or erect steel, we have the expertise, experience and equipment to deliver safe and effective lifting solutions.

The Premier Cranes & Rigging team is here to help keep your project on track. Regardless of the job, our team of motivated and passionate crane and rigging professionals thrive on our clients' challenges. We have selected and trained our workers to be skilled riggers and

operators who, as experts in their field, are able to resolve issues on the ground quickly and collaboratively.

We're best known for finding solutions for our clients with a clear focus on engineering, compliance and exceptional service. Our values are based on transparency, respect, safety first, innovative solutions and a "can-do" attitude. These are the principles that define what we stand for at Premier Cranes & Rigging and are at the core of everything we do.

We work with our clients to provide all-inclusive lifting solutions for major projects across Melbourne and Victoria serving the following key industry sectors.

# OUR FLEET

Our diverse range of mobile cranes and equipment enables the team at Premier to tailor a solution to your project's specific requirements. We can provide a range of all-inclusive lifting solutions with the depth of fleet to make a real difference. This means there are no limits to what we can do or the industries which we serve.

Premier Cranes & Rigging constantly upgrade and refresh our fleet, providing our clients with access to reliable lifting equipment operated by our team of specialised experts around the clock, whilst ensuring safety, availability and performance.
